

**GALAXY****SUPER SCRAPER E-3**

The Super Scraper is engineered for severe service applications. Engineered with enhanced rubber compounds, the Super Scraper exhibits superior wear characteristics and traction.

Le Super Scraper est conçu pour le service intensif. Grâce à son composé de gomme amélioré, le Super Scraper affiche un coefficient d'usure et une traction supérieures.

**APPLICATIONS**

- Loader
- Mining
- Earthmover

**UTILISATIONS**

- Chargeuse
- Mine
- Véhicule de terrassement
